Price: $1,425.00

Description

Leveling Bar
• Constructed from two 3/4” x 6” hardened cutting edges (one in front and one in back of the leveling bar)
• Frame constructed with ½” plate steel and 2”x 2” ¼” tubing
• 2 ½” 2 ½” x 3/8” angle iron is welded in the center, 1” higher than the cutting edge which allows the dirt to roll
• Lift tabs are welded on frame so the attachment can be easily moved or carrier with a bucket

• Reinforced heavy duty 5/16” universal mounting brackets
• Ideal for landscaping, driveways, parking lots and concrete work
