Description

Ideal Cargo- The next evolution in enclosed trailers!
The Ideal Difference: The 8 Advances that Make our Reputation
1. The walls and roof are made of robust GreenEdge biocomposite panels, without any joints
2. The floor is made of Ultra resistant non slip panels
3. The interior and exterior finish, without any joints, offers a unique and incomparable aesthetic
4. GreenEdge biocomposite panels are made of 100% RECYCLED MATERIALS. We give second life to 6,500 water bottles per unit manufactured!
5. GreenEdge biocomposite wall and roof panels are assembled with solid aluminum extrusions that exceed the durability standards of any other enclosed trailer currently on the market
6. Using GreenEdge technology means that your trailer is already R5 Insulated
7. The subframe is made from 100% hot dipped galvanized steel, with the wall framing made from aluminum extrusions.
8. The rear frame is made of heavy duty aluminum extrusions reinforced with galvanized steel brackets
