Description

2026 Yamaha 222 SE — Performance, Comfort, and Versatility
The 2026 Yamaha 222 SE is designed to deliver exceptional on-water performance, modern styling, and family-friendly comfort. Whether you're cruising, entertaining, or enjoying watersports, this 22-foot jet boat offers the versatility and reliability Yamaha is known for.

Powered by twin Yamaha 1.9L High Output marine engines, the 222 SE delivers smooth acceleration, impressive handling, and confident maneuverability. Yamaha’s jet drive propulsion system provides a safer, prop-free environment around swimmers while allowing easy access to shallow water and hassle-free docking.

The spacious layout comfortably seats up to 10 passengers and features premium upholstery, ample storage, and an open bow design perfect for relaxing or entertaining. The wide integrated swim platform with padded backrests makes it easy to get in and out of the water, while the folding wakeboard tower with tow hook is ready for skiing, tubing, and wakeboarding.

Advanced Yamaha technology enhances every outing, including Cruise Assist, No Wake Mode™, and intuitive helm controls. Optional Connext® touchscreen technology brings GPS mapping, stereo control, and boat system monitoring right to the captain’s fingertips.

Built with Yamaha’s legendary attention to quality and detail, the 2026 Yamaha 222 SE is a standout choice for families and boating enthusiasts looking for performance, safety, and all-day comfort.
