Price: $8,250.00

Sales Price: $8,250.00

Description

The 2026 Farmco PQ?520 is a 6?foot?wide, 20?inch?high cattle hay feeder wagon designed for efficient, low?waste feeding of large bales, chopped feeds, and TMR, with built?in features for easy access, durability, and on?farm versatility www.lbstrailer.com.

Key Specifications

Dimensions: 6' wide × 20" high www.lbstrailer.com

Feed openings: 38 openings for cattle access www.lbstrailer.com

Extendable tongue: Allows easier hitching up to the wagon for transport www.lbstrailer.com

Basket frame: Holds hay in place for easy access and keeps it dry www.lbstrailer.com

Design & Features

Construction: Built “farm tough” with heavy?duty 12?gauge steel and high?quality welding for long?term durability www.lbstrailer.com.

Finish: Electrostatically applied weather?resistant polyurethane paint for corrosion protection www.lbstrailer.com.

Trough design: Slanted sides and an inverted V divider reinforce structure and help consolidate feed as it’s eaten www.lbstrailer.com.

Hay retention: Basket design keeps bales elevated, improving access and reducing waste

Functional Benefits

Efficiency: 38 feed openings allow multiple cattle to feed simultaneously, reducing waste and time spent refilling

Ease of use: Extendable tongue simplifies hitching; basket keeps hay dry and accessible

Durability: Reinforced steel and weather?resistant coating ensure decades of service with light maintenance

Versatility: Suitable for large bales, chopped feeds, and total mixed ration (TMR) AG Industrial.

Typical Use

The PQ?520 is ideal for pasture feeding or barn storage setups where hay or other feeds are transported in a wagon. Its design supports continuous dryness of feed, reduced waste, and simplified loading/unloading
