Description

The XFD is the backbone of demanding operations—engineered for commercial users who expect unrelenting performance from their flatbed. Equipped with industry-leading features like our integrated XRack—a precision mandrel-bent headache rack—our best-in-class XHitch, innovative XLights with strobe capability, and our corrosion-resistant XCoat finish, the XFD delivers power, durability, and a bold look to every job site.

Available Lengths
84", 8'6", 9'4", 11'4"
XCoat
Proprietary multi-stage powder coating system delivering industry-leading corrosion resistance and a professional finish
XDeck
Fully recessed 1/8" steel treadplate deck maximizes cargo space and eliminates exposed edges, protecting against wear and corrosion
XRack
Fully integrated headache rack system, built into the body-not bolted on, with precision 3" x 4" steel tubing, mandrel bends, and built-in Xlights for unmatched strength, protection, and safety
XLights
Automotive-grade integrated taillights with stop, tail, turn, backup, and built-in amber strobe for maximum visibility and job-site safety
XHitch
Frame-integrated towing system with 30,000 lb gooseneck, 24,500 lb receiver, upright safety chain keepers, pre-wired electrical connections, and an emergency breakaway loop for the safest towing experience in the industry
Frame Rails
4" precision-cut structural channel steel runners for maximum strength and enhanced corrosion resistance
Crossmembers
3" roll-formed steel for superior deck support and load capacity
Side Rails
3/8" x 2" formed steel rub rails with integrated stake pockets for secure tiedown options
Side Rails
?” x 2” formed steel with stake pockets and tie-down compatibility
Fuel Fill
Angled fill neck with rear-facing design on cab chassis bodies for easy fueling and reduced splashback
Marker Lighting
DOT-approved LED bullet lights for reliable, road-ready visibility
Trailer Light Plug
Automotive-grade seven-way/four-way 12-volt hookup for easy, reliable trailer connections
