- 1/2 in. cutting edge

QUICK AND EASY ATTACHMENT

Mount and dismount in one minute or less with the new RapidLink(tm) Attachment System.

- Center-mounted drop foot props up your plow on any surface with the pull of a handle
- Hydraulically powered Jack Switch(tm) adjusts your plow's mounting height on the fly so it's easy to line up with your vehicle
- Connects to your truck with a single driver side foot pedal

CLEAN, EVEN SCRAPE

The tubular steel Floating A-Frame features a sliding-pin connection so the plow contours the ground for a clean, efficient scrape. Outstanding performance at any mounting height.

SMOOTH FULL TRIP ACTION

Four stress-optimized trip springs protect your equipment from hidden curbs and obstacles. Heavy duty shocks cushion the trip, providing a smooth ride for plow and driver alike.
