Description

NEW 2026 SNOWDOGG 8' Trip Edge Gen 2 Stainless Steel Skid Steer Plow
Maximize efficiency with the maneuverability of a skid steer and the power of a SnowDogg trip edge plow.
Mount to any skid steer with the SKTE Series universal skid steer mount.
Reliable trip edge design helps protect your equipment across varied pavement surfaces and obstacles.
Powerful and agile plow angling using your skid steer's existing hydraulics.

Corrosion-resistant 304 stainless moldboard with 3/8 in. cutting edge is an investment that lasts.
Laser-cut steel ribs and a full length 2 in. cross tube let you power through heavy snow and ice.
Clear with speed and agility using the 70 attack angle and 1-1/2 in. angle cylinders.
Get the value you deserve with standard cast shoes, snow deflector, and blade guides.
Put your skid steer to use this winter with Buyers Products SnowDogg SKTE Series Skid Steer Plow. Its robust design and tight maneuverability make it perfect for clearing lots and stacking snow. The SKTE features a trip edge design and is available with 7-1/2, 8, and 9 ft moldboards. The SKTE comes standard with cast plow shoes, heavy duty poly snow deflector, and wire reinforced blade guides
.
The SKTE series A-frame is pivot-mounted to a universal skid steer mount that connect to your skid steers existing hydraulics. The pivot mount allows the cutting edge to effortlessly contour the plowing surface.
The SKTE Series boast a 304 stainless steel moldboard backed by nine 1/4 in. laser-cut ribs. A full-length 2 in. cross tube spreads load impacts out evenly in order to protect vital connection points. The plow's aggressive 70 attack angle thrashes through snow and ice with excellent scraping, rolling, and throwing action. A standard 1/2 in. cutting edge helps save the blade from wear and tear. A 6 in. trip edge and four stress-optimized trip springs help protect your equipment from hidden curbs or rocks.
