Description

The CFORCE 800 Touring has proven itself to riders across the country—from rugged two-up trail rides to serious backcountry hunts to daily workhorse duty. And no surprise—it delivers more standard than anything in its class. More horsepower. More tech. More control. More comfort. At its core: a 70 hp V-Twin, ride-by-wire throttle, and OmniDrive™ CVT for seamless, confident power. A 58" wheelbase, 11.4" of clearance, and 9" of suspension travel keep the ride smooth—even when the terrain isn't. Add a full digital cockpit with Bluetooth®, downhill assist, and four-mode EPS, and you've got a machine that dials into any ride, anywhere. And your passenger? They're not just along for the ride—they're along for the experience. This is premium two-up riding, standard.
