Lighting LED

Powered EZ Load Deck System

By building our trailers using mechanically fastened joints we can achieve maximum strength, durability, and longevity out of the aluminum.
Experience effortless loading and unloading with our innovative Powered EZ Load Deck System. This advanced mechanism ensures quick, efficient, and safe operations, saving you time and eliminating the need for ramps.

Mechanically Fastened Joints

By building our trailers using mechanically fastened joints we can achieve maximum strength, durability, and longevity out of the aluminum.

4-Degree Loading Angle

The gentle 4-degree loading angle allows for smooth and safe loading and unloading of even the lowest vehicles and equipment.

Wireless Remote

The wireless remote allows you to raise and lower the deck of the trailer with the push of a button and without leaving your vehicle.
