Standard Equipment Information
Heavy-Duty Wet Coat Finish

CM Truck Beds coats our service and crane body products with Low VOC Acrylic Polyurethane paint. We cover every crevice and corner, providing long-lasting protection and a best in class finish and shine!

Non-slip black lava

This durable deck coating provides maximized protection, adds to the bed’s longevity and reduces slip hazards.

Gas cylinder style door holders

CM’s gas shocks provide strength that allows our doors to open smoothly and stay open, allowing for easier use.

LED rear lighting with wiring harness

Our clear LED lights are brighter, easy-to-maintain, and use less power than conventional incandescent lights, so your lights will be easily seen and recognized.

Treadbrite aluminum compartment tops

Solid aluminum compartment tops provide strength to the tops of our toolboxes and all that they can hold.

Bolted body for secure attachment

Our component bodies are bolted together, making repairs on our bodies easy. Need a different configuration? Just unbolt one side and attach a different one.

Universal body and bumper mounting kit

Installation has never been easier, thanks to our easy-to-use mounting kits — included standard with every installation has never been easier, thanks to our easy-of-use mounting kits – included standard with every SB and CB.

Automotive D-bulb weather stripping

Weatherstripping is an important feature of any body. Our doors are sealed with D-bulb weatherstripping to ensure that no moisture gains entry to the interior of our toolboxes.

Multi-panel doors with internal reinforcements

Our doors are built with reinforced panels to prevent flexing and sagging with repeated use.

(A60) 16-gauge steel body with (G60) galvanneal welded side packs

Crafted from bullet-lined (A60) 16-gauge reinforced steel subframe with (G60) galvanneal welded side packs, our service bodies are built for maximum strength and corrosion resistance. This industry-leading construction delivers the durability and performance that hardworking professionals across America count on every day.

12-gauge galvanneal deck

Our thick steel deck provides an excellent foundation for those working from them. The 12-gauge steel prevents any sagging, flexing, or cracking of the deck.

Polished aluminum fender

Stainless fenders add a stylish touch to your service body, with the added benefit of being corrosion-resistant too.

Heavy-duty rear tailgate

When you haul materials on our decks, you can rest assured that our tailgates will be tough enough to keep the material inside of the deck.

Universal bolt-on crash zone bumper

Our crash zone bumper reduces potential damage to your vehicle while adding safety and peace of mind when you’re on the road.

T-handle twist compression latches

The T-handle compression latches on our panel doors allow for easy access to the body’s storage compartments, while keeping moisture out of the toolbox and away from your tools when shut.

PAINT

Heavy-Duty 2-Stage Wet Coat Finish

CM Truck Beds coats our service and crane body products with Low VOC Acrylic Polyurethane paint. We cover every crevice and corner, providing long-lasting protection and a best-in-class finish and shine!

Individually coated components for maximum coverage

Because CM coats every single part of our service body, you can rest assured that the parts of the body that you can't see look as good as the ones you can.

Powder-coated toolbox interior

We powder and primer everything, even the interior of your toolboxes. This ensures that when your tools shift in transit, they won't end up with rust and corrosion.

WARRANTY

4-Year / 48,000-mile warranty

Some companies say they stand behind their products; we put it in writing. We offer the longest warranty for the body, covering it fo 48 months. Because we recognize what an investment a service body can be, and we want you to know we're with you — today, tomorrow and four years down the road.

6-Year No Rust-Through Guarantee (Steel)

Available Options

Flip-Top Compartment

Open up more easy-access storage possibilities with CM's flip-top compartment options, making it easier to quickly grab and store tools & equipment on both sides of your service body.

Master Lock Toolbox Door Locking System

CM knows that the gear you carry in your service body is as valuable as the toolbox you store it in, so don't leave anything open to chance. With this toolbox locking system, rest assured your gear will be safe.

Dividers & Slide-Out Drawers

Keep all your gear safe and secure with our multiple divider and drawer options, which offer organizational and slide-out capabilities to provide easy access to everything you need.

Headache Rack

Our headache racks are aluminum and bolt-on, giving you the option to add during upfit or after.

Bolt-On Ladder and Heavy Material Racks

From light duty to heavy duty, CM's bolt-on ladder and material rack options give you the versatility to handle loading your heavy gear, while still providing protection for you and your work truck if there is ever a worst-case scenario.

CM Truck Beds Adjustable Hook Set Option

Adjustable Hook Sets

With a hook set system, you can add additional hanging storage options inside your service body compartments to fit your needs.

CTech Toolboxes

We are now offering this cutting-edge storage solution for work truck users seeking maximum durability and functionality. The cabinets feature heavy-duty ball-bearing drawer sliders built to withstand years of heavy use and exposure to the elements.

SK Deluxe with crane

Stellar Toolboxes

Stellar offers a full line of custom-made service body and truck bed storage systems, recognized as some of the most rugged and dependable solutions in the North American market. These cabinets provide a smart and practical approach to toolbox organization, ensuring efficiency and durability for all your storage needs.
