Description

2025 Ascend Industries made for Chute Help 5x10' Dump Trailer.
Bumper Pull Dump Trailer models are designed and built to complete every job. The CH Dump Trailer boxes are made with a 7ga floor sitting atop a 3/16” frame. This strength and weight combo makes the CH Dump Trailers second to none in performance and price.

Each CH Dump Trailer comes standard with a Mega Toolbox, an extra long control lead that can be operated on all sides of the trailer, and an industrial grade 5” bore double acting cylinder that will allow you the perfect angle to unload all types of material. CH Dump Trailers have combo gates on

the back and welded D-Rings inside of the box. Each trailer comes with a tarp and plenty of bungee chord hooks to secure every load.

The CH Dump Trailer line is perfect for all sand, rock, trash and all other material hauling needs.
