Enhanced Convenience: The Quake comes equipped with an array of standard features designed to streamline your hauling experience, including:
Flat Top, V-Nose Profile: This aerodynamic design reduces wind resistance and enhances stability during towing. Full Height Crossmembers: Sturdy crossmembers provide structural integrity, ensuring your cargo is well-supported and secure during transit. Drop Axles: Lower trailer deck height for easier loading and unloading. 3/4" High-Performance Wood Floors: Durable wood floors built to withstand heavy loads over time. Automotive Undercoating: Added protection against rust and corrosion, increasing trailer longevity. Choice of Rear Ramp Door or Rear Swing Doors: Choose the door style that suits your loading preferences. Aluminum Frame Side Entry Door with Flush Lock (optional on 5-wide models): Easy access with a secure flush lock for peace of mind. Side Wall Airflow Vents: Strategically placed vents for proper cargo ventilation. Color Matching Exterior Screws: Attention to detail extends to color-matched exterior screws that complement the

trailer's appearance. .030 Aluminum Exterior Skin: Many competitors in the entry-level space offer thinner, .024 exterior metal. Thicker, more durable .030 aluminum is standard on all Quake models. Contact Your Nearest Look Dealer Today! Embrace affordability without compromise! The Quake Economy Enclosed Cargo Trailer offers you the functionality you need without exceeding your budget. Make the smart choice and experience the convenience of hauling with a trailer that delivers performance and value.
