Description

This 2026 Homesteader Intrepid 7 x 16 ft cargo trailer stands out with double rear barn doors instead of a ramp, making it easy to walk cargo straight in and out. Dexter axles with brakes on both provide dependable towing, and the side door adds convenient walk-in access without opening the barn doors. E-track on the walls gives you flexible cargo tie-down points, and the polycore exterior skin adds durability without extra weight. A 3/4-inch plywood floor and 3/8-inch plywood walls create a solid interior, while LED interior lights and an LED rear loading and porch light keep things visible after dark. With 7 ft of interior height and a 9,950 lb GVWR, this Homesteader Intrepid cargo trailer is priced at $8,799.
Key Specs:
