Description

This used 2025 Bravo Trailers 6 x 12 ft single axle low profile motorcycle trailer is set up to make loading and hauling bikes as simple as possible. The low profile design and aluminum frame keep the trailer light and easy to tow, and a rubber coin floor with E-track in the floor gives you a secure, slip-resistant surface with flexible tie-down options for straps and chocks. Electric brakes provide confident stopping power, and an onboard battery with battery box powers the electric jack and LED lighting independent of your tow vehicle.

As a used unit, it shows normal wear for its age and use, and remains a practical, ready-to-use option for hauling a motorcycle or similar light equipment. With a 3,500 lb GVWR, this Bravo trailer in White is priced at $7,599.
