Description

This 2026 Formula Trailers Traverse 6 x 12 ft enclosed cargo trailer is loaded with upgrades that go beyond a base-trim build. An upgraded composite skin and a seamless roof add durability and help eliminate potential leak points, and upgraded black aluminum wheels give it a sharp, finished look. 16-inch on-center wall posts add extra strength, and flow-thru vents keep air moving inside during transport. A rear flare with LED loading lights adds visibility and a finished appearance at the back of the trailer.

The spring-assist ramp door and V-nose slope front make loading and towing easier, and the RV locking side door provides secure access. Spring suspension and EZ lube hubs keep towing smooth and maintenance simple, and a setback tongue jack makes hitching manageable. With a 2,990 lb GVWR, this Formula Traverse cargo trailer in White is priced at \$5,999.
