Description

This 2026 Homesteader Intrepid 7 x 14 ft heavy-duty cargo trailer is built with 12-inch on-center crossmembers for a rigid, well-supported floor that stands up to heavy cargo. Dexter 7K axles with brakes on both and radial tires provide dependable towing, while the polycore sides add durability without the extra weight of traditional skins. A 3/4-inch plywood floor and 3/8-inch plywood walls create a solid interior, and LED interior lights make loading and unloading easy after dark. The spring-assist ramp door pairs with a side door for flexible access, and the adjustable coupler lets you match the trailer to your tow setup. With 7 ft of interior height and a 14,000 lb GVWR, this Homesteader Intrepid cargo trailer is marked down from $9,499 to a sale price of $9,199.
Key Specs:
