Price: $4,800.00

Description

The PJ UL 16’ utility trailer with an upgraded heavy-duty mesh gate and dovetail is built for folks who want something simple, tough, and easy to load without a bunch of hassle. That dovetail gives you a better angle for driving on mowers, ATVs, or small equipment, and the upgraded mesh gate is stronger and easier to handle than a standard gate, so you’re not fighting it every time you load up. It’s a solid 16-foot deck that gives you plenty of room for tools, materials, or equipment without being too big to maneuver around the farm or jobsite. Built with PJ’s reputation for durability, it’s made to take real use and keep holding up. It pulls light and steady behind the truck and is the kind of trailer you end up using all the time because it just makes getting work done easier.
