Description

The 20’ 8” I-Beam Deckover Trailer is a durable and dependable heavy-duty trailer built for hauling equipment, vehicles, and oversized loads with confidence. Constructed with a rugged 8” I-beam frame, this trailer is engineered for strength and long-lasting performance, making it an excellent choice for commercial, agricultural, and construction applications.

Equipped with tandem 7,000 lb. Dexter electric brake axles and a reliable spring suspension system, this trailer provides stable towing performance and dependable braking power for heavy loads. The adjustable 2-5/16” bumper pull coupler, rated at 14,000 lbs., allows for secure towing and added versatility when matching different tow vehicle heights.

The straight deck design maximizes usable deck space, while the heavy-duty 6’6” slide-in ramps make loading and unloading equipment quick and efficient. Ideal for hauling tractors, skid steers, vehicles, and other large equipment, this trailer is designed to handle demanding workloads with ease.

Finished in a durable black powder coat, the trailer offers enhanced protection against corrosion and wear while maintaining a clean, professional appearance. Built tough and ready for work, the 20’ I-Beam Deckover Trailer delivers reliable performance and heavy-duty hauling capability for a wide range of applications.
