The Diamond C FMAX210 gooseneck with hydraulic dovetail is a premium heavy-duty trailer designed for maximum efficiency, strength, and ease of loading. With a GVWR of up to 25,000 lbs and tandem 10K dual-wheel axles, it's built to handle demanding equipment and commercial hauling with confidence. The fully automatic 12' hydraulic dovetail allows for fast, safe loading and unloading at the push of a button, reducing manual effort and improving jobsite productivity. Built on Diamond C's engineered beam frame, the FMAX210 delivers an exceptional strength-to-weight ratio while maintaining a low-profile deck for better loading angles and stability. Paired with features like dual hydraulic jacks, onboard battery and charging system, and premium suspension options, this trailer is ideal for contractors, equipment haulers, and hotshot operators who need reliable, high-performance hauling with modern convenience.
