Description

The Greenfield Trailers 8214 single axle utility trailer with a fold-up gate is a handy little trailer built for folks who need something simple, reliable, and easy to use around the house, farm, or jobsite. It’s just the right size for hauling mowers, ATVs, small equipment, or a load of supplies without needing a big truck to pull it. The fold-up gate makes loading quick and easy, and when you’re not using it, it stands up out of the way so you’ve got a clean deck to work with. Built in Pennsylvania, Greenfield trailers are known for their solid construction and attention to detail, so even a smaller trailer like this is made to last. It pulls light and steady down the road, stores easy, and is the kind of trailer you end up using all the time because it’s just so convenient to have around.
