Description

The Greenfield Trailers 20’ equipment trailer is a solid, no-nonsense piece of equipment built for folks who need something dependable day in and day out. Built in Pennsylvania, these trailers are known for their quality craftsmanship and attention to detail, giving you something that’s made to last, not just get by. The 20-foot deck gives you plenty of room for hauling tractors, skid steers, or farm equipment without feeling cramped, and it’s set up to load and unload easy so you’re not wasting time fighting with it. It’s built tough with a strong frame and heavy-duty components that hold up to rough use, whether you’re out in the field or headed down the road. It pulls steady behind the truck and does exactly what you need it to without any fuss—just a good, reliable trailer that’s ready to work when you are.
