Price: $4,250.00

Description

The Diamond C PSA 12’ premium utility trailer is a sharp-looking, hardworking trailer built for folks who want something tougher and better built than your average utility trailer. Whether you’re hauling zero turns, ATVs, small tractors, or everyday equipment, that 12-foot deck gives you plenty of room while still being easy to maneuver around the farm, neighborhood, or jobsite. Built with Diamond C’s attention to detail and heavier-duty construction, the PSA feels solid behind the truck and holds up to everyday use without rattling apart over time. The low-profile design makes loading easier, and the rear gate gives you a smooth drive-on setup for mowers and equipment. It’s the kind of trailer that looks clean, works hard, and is built for folks who use their trailer regularly and want something that’ll last for the long haul.
