Price: $3,250.00

Description

The PJ U7 12’ utility trailer with optional side-load ATV ramps and a rear mesh gate is built for folks who want a little extra convenience when it comes to loading and hauling. That 12-foot deck is just right for ATVs, mowers, or small equipment, and the side ramps make it easy to load from the side when you don’t want to mess with tight angles or backing up just right. The rear mesh gate still gives you a quick, simple way to drive straight on when needed, so you’ve got options depending on the job. It’s a tough, straightforward trailer that’s easy to maneuver around the farm or property, and it pulls light and steady behind the truck. Built to handle real work without overcomplicating things, this is the kind of trailer that makes everyday hauling quicker and a whole lot easier.
