Description

The PJ D3 dump trailer is a tough, hardworking trailer made for folks who need something dependable when the jobs get messy and heavy, but still want something that pairs well with a half-ton pickup. Whether you're hauling gravel, mulch, dirt, brush, or cleaning up around the farm, the D3 is built to handle the load without feeling like too much trailer for your truck. It's got a heavy-duty frame, solid steel bed, and a strong cylinder lift hoist that gives you good lifting power and a smooth dump every time. The low sides make loading easier with equipment or by hand, and it tows nice and steady behind a half-ton, making it a practical choice for everyday use. Built to take abuse and keep right on working, the PJ D3 is the kind of dump trailer that earns its keep fast and stays useful for years.
