Price: $6,550.00

Description

The Diamond C 20’ TUT equipment trailer with 6K axles and a tractor gate with support legs is built for folks who need a tough, dependable trailer for hauling tractors, skid steers, and equipment without any headaches. The upgraded 6,000 lb axles give you extra hauling capacity and a more solid ride when the trailer’s loaded down, making it a great fit for everyday farm work or jobsite use. The heavy-duty tractor gate is built to handle repeated loading without flexing or wearing out, and the support legs help keep the gate steady and supported while loading heavier equipment. Built with Diamond C’s quality construction and attention to detail, this trailer pulls smooth behind the truck and is made to hold up to real work year after year. It’s the kind of trailer that’s simple, strong, and ready to go whenever there’s work to be done.
