**The PJ Trailers LD (Low-Pro Flatdeck with Duals) gooseneck is built for serious hauling, offering a heavy-duty GVWR up to 25,000 lbs and impressive payload capacity for equipment, vehicles, and hotshot loads. Its dual-wheel setup provides superior stability and safety under heavy weight, while the low-profile deck design makes loading easier with a reduced ramp angle. The gooseneck configuration improves towing control, weight distribution, and maneuverability, making it ideal for long hauls and demanding jobs. Constructed with a rugged I-beam frame and engineered for durability, the LD is designed to handle tough conditions and daily commercial use. With multiple length and configuration options, plus widespread parts and service support, the PJ LD is a versatile, reliable solution for contractors, farmers, and professional haulers who need performance they can count on.*
