Description

This 2026 Homesteader Intrepid 7 x 14 ft cargo trailer comes equipped with the OHV package, making it a strong fit for hauling ATVs, UTVs, and other off-highway vehicles. The ramp door includes an extension flap for a smoother loading angle, and a rear spoiler adds a finished look while helping protect the roofline. Dexter axles with electric brakes on both axles keep towing under control, and radial tires provide a smooth ride. The steel frame, one-piece roof, and V-front are built to shed water and reduce wind resistance, while the polycore skin keeps the exterior lightweight and low-maintenance.
The side door offers quick walk-in access without lowering the ramp, and D-rings throughout give you flexible tie-down points for securing your equipment. With 7 ft of interior height and a 7,000 lb GVWR, this Homesteader Intrepid in White is priced at $7,099.
