Price: \$16,612.00

Description

The Big Tex 22GN is a premium tandem-dual gooseneck trailer engineered for the toughest commercial hauling jobs. With a 23,900-lb GVWR, 102-inch wide deck, and a pierced-beam low-profile frame, the 22GN is built for contractors, hotshot operators, farmers, and equipment haulers who need maximum strength, stability, and long-term durability.

This model features dual 10,000-lb oil-bath axles, forward self-adjusting brakes, and a heavy-duty 30,000-lb adjustable suspension, giving it the capability to handle heavy machinery, construction materials, and long-distance freight. The dual 2-speed 50K landing gear, Demco EZ-Latch gooseneck coupler, and large front toolbox make daily operation fast and efficient.

Airport Trailer's configuration also includes a rear-mounted work light, giving operators better visibility for loading, chaining, and working after dark — a major advantage for hotshot drivers and job-site crews.

Buyers can choose between 5' flip-over ramps, 8' slide-in ramps, Mega Ramps, or a straight-deck configuration depending on their loading needs
