Description

This 2026 Homesteader Intrepid 7 x 16 ft cargo trailer offers a lower-profile 6 ft 6 in interior height, a good fit for buyers who don't need full standing room but still want serious hauling capacity. Dexter axles with brakes on both wheels provide dependable towing, and the ramp door makes loading wheeled equipment easy, while the side door offers quick walk-in access. The one-piece roof and V-nose front help shed water and reduce wind resistance.
Inside, a 3/4-inch plywood floor and 3/8-inch plywood walls create a solid, durable cargo area, and D-rings give you reliable tie-down points. LED interior lighting with a wall switch keeps the space usable after dark, and the 2 5/16-inch coupler makes hitching simple. Finished in Gray with a 7,000 lb GVWR, this Homesteader Intrepid cargo trailer is priced at $7,499.
