Description

Rail Side Utility Trailer
Built for everyday hauling tasks, H&H Rail Side Utility Trailers offer a durable and affordable solution for moving tools, equipment, and more. Designed with strength, convenience, and long-term value in mind, these versatile utility trailers are ready to tackle a wide range of jobs—from tough workdays to weekend adventures.
Key Benefits
Fold-flat Rear Ramp Gate – Easy Loading and Space-Saving Design
This full-width, spring-assisted ramp gate folds down for simple loading and unloading, then folds flat into the trailer bed for reduced wind drag during transport.2"x2" Tube Top Uprights and Top Rail – Unmatched Structural Support

The 2"x2" tube top rail and tube uprights deliver exceptional structural strength and rigidity, ensuring a durable trailer built for long-term performance.Spare Tire Carrier – Always Ready for the Unexpected

An integrated carrier keeps a spare tire within reach, so you’re prepared if a flat ever interrupts your haul.Set-Back Tongue Jack – Easier Towing Setup

The offset tongue jack improves trailer stability and clearance when hitching, making it easier to hook up and go.Enclosed Sealed Wiring Harness – Years of protection

The sealed wiring harness is fully enclosed, protecting vital electrical components from moisture, dirt, and damage.

Why Choose an H&H Rail Side Utility Trailer?

Overview

The H&H Rail Side Utility Trailer is a reliable, lightweight solution built for general-purpose hauling. Featuring a sturdy rail frame design, fold-flat ramp gate, and industrial-grade finish, it's a dependable option whether you're moving gear to a job site, hauling landscaping equipment, or loading up for the weekend.Available Models

Single axle small utility trailers are available offering ease of maneuverability and efficient towing behind smaller tow vehicles. For heavier loads, tandem axles provide enhanced payload capacity and stability.Standard Features

Every Rail Side Utility Trailer includes treated wood flooring, an industrial polymer finish, tie-down points, LED lighting, easy-lube hubs, and safety chains. The fold-flat ramp gate and set-back tongue jack come standard, along with an integrated spare tire mount for added preparedness.Options

Customize your utility trailer with a range of add-ons like aluminum wheels, toolbox upgrades, adjustable coupler, and brake kits (on single axle models). Choose from a variety of sizes and axle capacities to best match your hauling needs and vehicle capability.
