When you are hauling high-value cargo, the last thing you want to worry about is structural flex or a dated exterior. This Xtreme Cargo unit solves the common "rippling" effect seen on thinner trailers by utilizing premium .080 Polycor, ensuring your business looks sharp at every job site or track day. Beyond the looks, the beefed-up 5200lb axles provide the peace of mind that your enclosed trailer can handle the heavy lifting without breaking a sweat. It's more than just a cargo trailer for sale; it's a mobile fortress designed to protect your investment and enhance your professional image.
