Price: \$1,199.00

Description

Specially designed to attach to the receivers in your factory 5th-wheel towing prep package, the Companion OEM features a dual jaw for excellent jaw-to-king-pin contact and a cam-action handle for simple release. Easily remove for full bed access.

available for Gm and Ford trucks

Features:

5th-Wheel hitch mounts in your truck bed so you can tow your 5th-wheel trailer

Works with factory-installed 5th-wheel towing prep package from Chevy/GMC
Rail-free design allows for full access to truck bed when hitch is removed
1" Thick dual jaws provide 360-degree jaw-to-king-pin contact
Less rattle and more security than slide-bar jaws
Cam-action latching handle helps prevent binding
Simple to release, even on unlevel terrain
Lockable to secure trailer to hitch - padlock sold separately
Fully articulating head eases hookup and helps to limit chucking
Pivots front-to-back and side-to-side
Improved cab clearance achieved with 2" of front-to-back adjustment
Attach pivot arms to base in desired position fore or aft
3 Height settings to fit your application
Quiet, rattle-free ride with polyurethane bushings
Quick, simple installation
Drops into the 4 receiver pucks that are built into your factory under bed rails
Gray powder coated steel is corrosion resistant
Made in the USA
Gross towing weight: 20,000 lbs
Tongue Weight: 5,000 lbs
Hitch height: 16-3/4" - 18-3/4"
Limited lifetime warranty
