Description

Shop this 2025 71-inch x 12-inch steel smooth back trailer fender, designed to provide durable protection and a clean, professional appearance for your trailer. Constructed from heavy-duty steel for long-lasting performance, this replacement fender helps shield your trailer and cargo from road debris while enhancing overall safety and style. Ideal for utility trailers, equipment trailers, car haulers, dump trailers, and custom trailer builds. Perfect for repairs, restorations, or new installations.
