Description

Shop this 2025 3-piece black plastic door catch set designed to securely hold trailer doors open during loading, unloading, and everyday use. Built from durable, weather-resistant plastic for long-lasting performance, this heavy-duty door hold-back kit helps prevent unwanted door movement and reduces stress on hinges and hardware. Ideal for enclosed trailers, cargo trailers, concession trailers, race trailers, and utility trailers, it's the perfect replacement for worn or damaged door catches.
