Midsota HV Series Dump Trailers are built for superior strength, reliability, and efficiency, making them the ultimate choice for professionals and homeowners who demand high-performance hauling. Whether you're tackling construction, landscaping, or agricultural projects, these dump trailers deliver unmatched durability. Designed with both telescopic and scissor hoist options, they provide powerful lifting capabilities for smooth, controlled dumping. Engineered as a low profile dump trailer, the HV Series ensures easy loading and unloading, maximizing convenience and safety on the job.

Midsota HV Series dump trailers feature a 7-gauge, one-piece steel floor, providing extreme durability and eliminating weak points. A steel or poly toolbox and chain storage keep essential tools and tie-downs secure and easily accessible. Additional features include pallet fork holders for added convenience, self-adjusting brakes for enhanced safety, and an exclusive wiring indicator module to simplify maintenance. Each model also comes standard with 16-inch crossmember spacing, slipper spring suspension, and a roll tarp system with lock rod for secure load coverage.
