Price: $17,850.00

Description

The Diamond C HDT208 Hydraulic Tilt Equipment Trailer is a heavy-duty equipment trailer designed to provide exceptional durability, smooth towing performance, and convenient loading for contractors, landscapers, and equipment operators. Featuring a 22’ x 82” configuration with a 16’ hydraulically dampened gravity tilt bed and 6’ stationary deck, this trailer allows equipment to be loaded quickly and safely without the need for ramps.

Built with Diamond C’s engineered beam frame and 3” I-beam cross members on 16” centers, the HDT208 delivers superior structural integrity for demanding hauling applications. Tandem 8K torsion axles with electric oil bath brakes provide a smoother ride, improved stability, and dependable braking performance, while heavy-duty ST215/75R17.5 16-ply steel radial tires offer increased durability and load-carrying capability.

Additional premium features include a 21K Demco EZ-Latch flat-mount coupler, integrated I-beam tongue, 12K drop-leg jack, heavy-duty V-tongue storage box with lid, super heavy-duty 3/16” diamond plate fenders, rub rail with stake pockets, four 5/8” D-rings, all-LED lighting, curbside spare tire mount, and a durable 2” treated wood floor. Finished in metallic gray paint, the HDT208 combines rugged functionality with a clean, professional appearance built to handle tough jobs day after day.
