Sales Price: $13,500.00

Description

SE Series Car Hauler Trailer
The SE Series Car Hauler is an enclosed trailer built to deliver professional-level performance with reliable strength and clean, high-end looks. Whether you’re hauling cars to the track or transporting showpieces to an event, this car hauler trailer is designed to handle the job with confidence. With premium construction, secure tie-down points, and a rugged exterior finish, the SE Series delivers dependable, enclosed car trailer protection for every haul.
Key Benefits
16" On-Center Roof Bows, Wall Studs, and Crossmembers — Reinforced Frame Structure
Tighter framing provides superior strength and long-term durability for demanding car hauling applications.12" Ramp Extension Flap — Smoother Loading Experience
The ramp extension creates a gentle transition that protects low-clearance vehicles during entry and exit.Drop Spring Axles — Stable, Confident Towing
Drop axles lower the trailer deck height for improved loading angles and a more balanced tow.Battlecoat Textured Polyurea Coating on Exposed Steel Surfaces — Rugged Corrosion Resistance
This high-performance coating shields steel components from rust, impact, and wear.VHB-Bonded, Screwless Aluminum Exterior — Clean, Seamless Appearance
Smooth aluminum sidewalls with VHB bonding offer a professional look and reduce potential water intrusion.Beavertail and Four Heavy-Duty, Recessed D-Rings — Secure, Low-Angle Loading
Integrated tie-downs and a beavertail rear floor simplify the process of loading and securing vehicles.
Why Choose the SE Series Car Hauler Trailer?
Overview
The SE Series Car Hauler Trailer is engineered to meet the needs of serious vehicle transporters who demand performance, reliability, and a polished appearance. Built with commercial-grade features and protective finishes, it’s ideal for hobbyists, racers, and professionals alike. Every detail—from the reinforced frame to the smooth aluminum sidewalls—has been considered to help you haul your investment with confidence.Construction Highlights
Strength and stability come standard with 16-inch on-center wall studs, roof bows, and crossmembers. Drop spring axles provide a lower deck height for easier loading, while the beavertail floor design enhances clearance for low-profile vehicles. For long-lasting exterior protection, BattleCoat polyurea coating defends the trailer's exposed steel from rust and road wear.Professional Performance
The SE Series is equipped for serious work. The 12-inch ramp extension flap offers a seamless entry point, and the heavy-duty, recessed D-rings anchor your load with confidence. The screwless, VHB-bonded aluminum exterior delivers not just aesthetic appeal, but also enhanced weather sealing and reduced maintenance over time.Owner Experience
Whether you're transporting a race car, classic collectible, or luxury vehicle, the SE Series enclosed car trailer gives you the protection and ease-of-use you need. It’s an excellent choice for weekend track warriors, car collectors, and commercial haulers who want to combine secure transport with premium presentation. Built to handle tough conditions and showcase your vehicle with style, this car hauler trailer works hard—and looks great doing it.
