Description

This 2026 Haulmark 7 x 14 FT Low Hauler enclosed motorcycle trailer is purpose-built for protecting your bikes in transit. Inside, a coin floor and a wheel chock keep your motorcycle secure, while T cabinets provide organized storage for gear, helmets, and tie-downs. The V-nose front and one piece roof improve aerodynamics and keep water out, and screwless sides give it a clean, finished look. An RV locking side door and electric tongue jack add everyday convenience, and a rear LED loading light makes after-dark loading easier. Brakes on both axles and vinyl-lined walls round out a well-equipped, ready-to-tow package. With a 7,000 lb GVWR and 4,320 lbs of payload capacity, this Haulmark Low Hauler is priced at \$13,899.
