Description

The Pace American 8.5x16 PXT Extreme Cargo Trailer is built for serious hauling, contractor use, and demanding commercial applications. Designed with a rugged flat top bullnose front and durable .030 silver screwless exterior sides, this trailer delivers a clean, professional appearance with enhanced durability and aerodynamics. Equipped with dual 5,200 lb. torsion axles, it offers a smoother ride, increased stability, and a higher hauling capacity for heavy-duty cargo.
This trailer features a beavertail with rear ramp door for easier loading, along with a 12” extended tongue and steel tread plate tongue for added strength and maneuverability. An 8K drop-leg jack provides dependable support, while the upgraded 90” interior height gives extra clearance for taller equipment and cargo. The interior is reinforced with 3/4” high-performance walls and includes four flush-mounted D-rings for secure tie-down points.
Designed with contractors and professionals in mind, this PXT Extreme model includes three heavy-duty ladder racks, a rear heavy-duty roller ladder rack, and a front access ladder for convenient roof access and cargo management. Additional premium features include rear flare load lights for improved visibility, aluminum wheels for a stylish upgraded appearance, and a spare tire mounted at floor level for easy access. Built tough and fully equipped, the Pace American PXT Extreme is ready to handle demanding jobs with confidence.
