Price: \$3,844.00

Sales Price: \$3,844.00

Description

Why buy a painted steel trailer that's gonna rust out when for almost the same price you can get a galvanized lifetime trailer? This trailer is galvanized down to the rims and axles! With an impressive payload capacity of 2232 lbs, this trailer ensures that not only can it handle the demands of any task, but it also maintains superior performance on the road. Mennonite built with precision and an eye for quality, it features a sturdy build catered for both heavy-duty use and everyday transportation tasks. Solid sides allow for more versatility, from leaving your tools in the trailer without fear of them falling out to hauling mulch or other materials.

Split rear gate for lighter lifts and a tool box is included. End of Season special \$3844! This deal won't last!
