Price: $6,695.00

MSRP: $6,825.00

Description

*** For the most up-to-date availability, please call us first ***

The Triple Crown Deckover 8x18 10K is a heavy-duty, tandem-axle equipment trailer featuring a 10,000 lb. GVWR. The deckover design removes fender restrictions, providing a flat, full-width 8-foot-wide bed perfect for loading wide and bulky cargo like large tractors, industrial machinery, and palletized materials.

1. Dimensions: 18-foot flatbed length with a full 102" or 96" deck width (depending on specific model configuration).
2. Weight Ratings: 10,000 lbs. Gross Vehicle Weight Rating (GVWR) with a payload capacity typically exceeding 7,000+ lbs. after accounting for the trailer's empty weight.
3. Axles: Dual 5,000 lb. or 6,000 lb. axles with electric brakes.
4. Frame: Rugged structural steel channel frame (often 5" to 6") designed to withstand heavy, continuous use.
5. Decking: 2" X 8" pressure-treated southern yellow pine wood floor.
6. Ramps: Typically equipped with heavy-duty stand-up or slide-in ramps to easily drive equipment on and off.
7. Tie-Downs: Stake pockets and rub rails run the length of the trailer, with welded D-rings for secure strap-down points
