Description

This 2026 Formula Trailers Traverse 7 x 16 ft enclosed cargo trailer gives you extra length for larger loads without sacrificing the details that make a cargo trailer easy to live with. The steel frame with a poly-coated finish stands up to the elements, and the one-piece roof and V-nose front keep moisture out while cutting down on wind resistance. Aluminum wheels and radial tires provide a smooth ride, and brakes on both axles deliver confident stopping power. The spring-assist ramp door makes loading heavy or wheeled items easier, while the side door offers quick access without lowering the ramp.

Inside, a 3/4-inch wood floor and 16-inch on-center construction create a sturdy cargo area, and four D-rings in the floor give you secure tie-down points. A rear spoiler with integrated LED loading lights and a setback tongue jack add convenience, and the polycore exterior skin keeps the trailer lightweight and low-maintenance. Finished in White with a 7,000 lb GVWR, this Formula Traverse cargo trailer is priced at \$8,299.
