Description

This 2027 Homesteader Intrepid 7 x 16 ft cargo trailer features double rear barn doors instead of a ramp, making it easy to walk cargo straight in and out without the extra length a ramp requires. Dexter axles with brakes on both wheels provide dependable towing, and the side door adds convenient walk-in access without opening the barn doors. The one-piece roof and V-nose front help keep moisture out and reduce wind drag on the road.

Inside, a 3/4-inch plywood floor and 3/8-inch plywood walls create a solid, durable cargo area with 7 ft of interior height, and D-rings give you dependable tie-down points. LED interior lighting with a wall switch keeps the space usable after dark, and the 2 5/16-inch coupler makes hitching simple. Finished in White with a 7,000 lb GVWR, this Homesteader Intrepid cargo trailer is priced at \$6,899.
