Description

The Big Tex 14GN is one of the most trusted medium duty gooseneck trailers in the Big Tex lineup, engineered for contractors, farmers, equipment haulers, and commercial operators who need a strong, reliable, professional grade flatbed. With its 15,900 lb GVWR, 102-inch wide deck, and pierced beam low profile frame, the 14GN delivers exceptional stability and hauling capability for tractors, skid steers, hay, pallets, building materials, and equipment.

Built on a rugged 12" I beam frame, the 14GN includes dual 12,000 lb drop leg jacks, a Demco EZ Latch gooseneck coupler, treated pine flooring, and a full tie down system with rub rail and stake pockets. Buyers can choose between 5' flip over ramps, 8' slide in ramps, or full width Mega Ramps, depending on their loading needs.

If you're searching for a 102" wide gooseneck, a 15.9K equipment hauler, or a Big Tex flatbed trailer in Alabama, the 14GN is one of the strongest, most dependable options available.
