The United Trailers Classic Race Trailer is an exceptional choice for serious racers. Its interior height of approximately 7 feet provides ample space for taller vehicles. With both tandem 5.2k and 7k axle options available it can handle a variety of racing equipment.

The United Trailers UAT Aluminum Classic Race Trailer boasts a sleek .030 screwless aluminum exterior, which not only enhances its aesthetic appeal, but also ensure durability and ease of maintenance. The trailer's structure is reinforced with 16? on center floor, walls, and roof, providing robust support and stability for your valuable racing equipment.

Additionally, the trailer features a stylish and functional rear wing, which adds to its sporty appearance, provides a weather shield to the rear of the trailer, and can help improve aerodynamic efficiency. This combination of high-quality materials and thoughtful design elements makes the Classic Race Trailer a reliable and attractive choice for transporting your race vehicles.
