Description

Stock# SC490408

Model# ST-FBTBR8484

This heavy-duty truck bed is designed for single-rear-wheel, short-box work trucks. It features a recessed flatbed configuration built from construction-grade steel. It frequently comes equipped with an integrated 30K-pound rated welded ball hitch, a removable articulating lid, and built-in safety chain anchors engineered to reduce road vibration and noise.

Key Specifications
