Price: $16,440.00

Description

The Big Red XP essentially has all the features of the regular Big Red plus a powerful 20 HP Honda engine and a wider frame for increased cutting capacity. The Big Red XP is ideal for prolonged and rigorous use with its ergonomic design, increased sawing capacity and frame rollers that will allow you to move logs and boards effortlessly. Capable of taking logs up to 32 inches in diameter, this Canadian-made mobile sawmill will allow you to produce your lumber in the easiest and most efficient way.
The Big Red XP comes standard with a 24-foot-long frame and features 4 levelers along with 4 log clamps. This setup allows you to saw two logs simultaneously or saw at the front while edging

boards at the back in a single pass. The Big Red XP features electric cutting height adjustment and a heavy-duty 2" x 6" x ³???” tubular steel welded frame, making it extremely sturdy and guaranteeing precise cuts. The Big Red is also equipped with a powerful 20HP Honda engine, providing reliable performance day after day.

Every Vallee portable sawmill is designed to be both efficient and easy to use. Our portable sawmills are incredibly easy to set up, transport and use. Our Vallee's exclusive One-Step-Go technology allows to activate the engine, blade and lubricant as well as brake removal in a single motion. They are designed to make the process of sawing logs into lumber a simple and easy task. All of our Vallee portable sawmills are delivered pre-assembled and ready to use right out of the factory.
