### Description

#### Multi-purpose Compact Tractor

The YT235C has you covered with its enclosed cab, so you can keep working regardless of the weather. The YT235C is equipped with a hydrostatic transmission that gives you a virtually infinite selection from the tractor's lowest creeper speed to its maximum transport speed. Quickly find the ideal speed for the easiest to the most demanding job

#### Description

Comfort + Control + Innovation.

As with every YANMAR tractor, the true power lies in the fuel-efficient YANMAR diesel engine. That means the YT235C can do serious work with a front-end loader, a hydraulic backhoe, and three-point hitch attachments for mowing, tilling, planting, digging, plowing, and much more. YANMAR designs and builds the major components, engine, front axle, transmission, and final drive, to work together.

\

The optional cab on the Yanmar YT235C tractor creates a new level of comfort with both heating and air conditioning sealed in. The high-backed, deluxe seat includes standard armrests. Every detail has been considered not just for your physical comfort but also for your optimum productivity and efficiency.

### **Features**

Performance Link Technology

ROPS Platform

Advanced controls to ease operator workload & increase comfort

Dual hydraulic pumps

Smooth hydraulic power steering

True 3-point hitch position control

Electro hydro independent PTO with one-touch on/off
