Description

Ground Level Loading with the Best Built Drop-Deck Enclosed Trailer On The Market!
INCLUDES:
SPARE MOUNT
110V CHARGER

The E-16 XL is the largest enclosed trailer in the Air-tow line and comes preloaded with many features. It has 15'9" of usable deck space and can carry ups to 10,000 lbs. The front-end is extended beyond the regular deck that allows for a 15" shelf and an extra 36 cubic ft. to work with. The aerodynamic design of the front-end not only adds space, but reduces air resistance and increases gas mileage. The back-end is also extended 16" to round out the total storage space at 838 cubic ft. Other standard features that set the E-16 XL apart from the regular E-16 include: a self-locking rollup door, 2 LED interior lights and a 3/8" plywood interior lining. This trailer is also very customizable with options for E-tracks, X-tracks, nose cone and many more accessories. Compare enclosed models below.
