Description

Greenfield 102" x 18' Channel Deckover Trailer

The Greenfield 102" x 18' Channel Deckover Trailer is a durable and versatile equipment trailer built to handle demanding hauling jobs. Its full-width 102" deck provides ample room for transporting tractors, skid steers, construction equipment, vehicles, and building materials, making it an excellent choice for contractors, farmers, and equipment owners.
Built with tandem 6,000 lb Fayette electric brake axles, this trailer offers a 12,000 lb GVWR and dependable towing performance. The straight deck design is paired with heavy-duty stand-up loading ramps, allowing for quick and convenient equipment loading while eliminating the need for a dovetail and maximizing usable deck space.
An adjustable 2-5/16" bumper-pull coupler provides a secure connection and allows for easy hitch height adjustment. The integrated A-frame toolbox offers convenient storage for chains, binders, straps, and other towing accessories. Riding on durable 225/75R15 tires and finished in black paint over primer, this trailer is built to withstand years of dependable service.
